

City of Sarnia

MEDIA RELEASE

DATE: November 29, 2019 RELEASE DATE: Immediate
FROM: Bryan Prouse, Manager of Operation Services, Public Works
SUBJECT: Unscheduled Yard Waste Collection

Although the first week of December, 2019 is scheduled for large item collection, Marcotte Disposal will also be making attempts to collect yard waste the week of December 2-6 across the City.

Residents are asked to place leaf and yard waste to the curb for pick-up on their regularly scheduled garbage day next week. Leaf and yard waste collection will continue as scheduled the week of December 9-13.

Leaf and yard waste will only be picked up in paper bags or an open container marked with an 'X'.

Marcotte Disposal is undertaking unscheduled collection in response to the increased volume of leave and yard waste.

Please consult the Waste Calendar for information about pick-up schedules and the compost site. The Waste Calendar is available through the Recycle Coach app and at <https://www.sarnia.ca/living-here/garbage-and-recycling/waste-calendar/>.
